

## A Very Sweet Farm Tour Experience

Meet at Café Linnalla at 4 30 pm where we start our coastal walk of our farm that sits near the world famous Flaggy Shore. Here we tell the history and story of our coastal farm, we will walk through the fields before arriving back in the farmyard where the cows and calves can be seen. Visitors will learn the modern farming methods and how our landscape controls the type of farming we do. Then there is time for a roll in the hay before seeing the cows at milking!

Arriving back at café Linnalla for a fruit Cocktail and a large ice cream sundae made with the creamy milk of our dairy farm will leave you wanting more!

This experience is not suitable for children under 4 years as there is a lot of walking through fields.

**Top Tip:** Bring rain gear, walking boots or wellingtons ( please let me know if you require me to provide wellingtons.)
