

## Early Bird Guided Cycle Experience

An early morning guided cycling tour through the heart of the Burren followed by a delicious mouth-watering breakfast at Burren Fine Wine & Food.

Starting early in the morning when the roads are quieter and the birds are singing, peacefully pedalling through this spectacular landscape is a magical experience for you and your family to remember for many a day after your Burren visit.

The experience operates unless in very hazardous weather conditions, advanced booking strongly recommended.

Any reasonably fit person over the age of 14 years of age, able to cycle should enjoy the trip.

- Our experience is guided and English is the only language spoken.
- We supply bike, helmet and high visibility jackets.
- Cyclists would need sensible shoes suitable for cycling and be aware of weather conditions they may need a showerproof jacket and something warm for the early morning tour.

**Top Tip:** Cycle tours without food can also be arranged upon request.

**Duration:** Normally 2 hours minimum time for cycle and up to one hour for food, ideally a total of three hours but this can be altered to suit a group
